tener was some further selling of bonds to-day, but the general tone was better. New York City 4s were traded in at around the recent low levels, one of these issues striking a new low point. Indefinite jeports were were studied closely in view of the large requirements for new capital which are pressing. Recent indications of a slowing down in some lines of Britain. 2,120,485 bales: export to Great Britain. 2,120,485 bales: to France. 915.771 bales: to bales: to Prance. 915.771 bales: to bales: to Prance. 915.771 bales: to bales: to Britain. 2,120,485 bales: to Prance. 915.771 bales: to bales: to Britain. 2,120,485 bales: to Prance. 915.771 bales: to bales: to Britain. 2,120,485 bales: may point to a lessening of require. COTTON MARKETS.

COTTON MARKETS.

New York, April 21.—After making new lew ground for the movement the cotton market railled on covering buying for a reaction and moderate support from trade abureces with the close sery steady at a net activation and moderate support from trade abureces with the close sery steady at a net activation and apprehensions of liquidation and a renewal of bear measure inspired by indifferent cables, good weather in the South and apprehensions of liquidation by the straddling long interest in the near months. Houses with Liverpool connections, however, seemed to be buying conton in the local market, while there was also an active demand from old shorts and considerable buying of new crop deliveries by spot houses. This seemed sufficient to absorb early offerings, may the market soon railled 7 or 8 points from the lowest with July leading the advance, establishing apparently in particularly, good demand by Liverpool and New Orleans interests. With the close of Liverpool many of the buying orders were withurawn, however, and the market cased off ngain during the middle of the day under renewed pressure, inspired by favorable weather forecasts and private wires reporting easier spots in New Orleans. This break carried old crop positions a shade under the opening figures, with both May and July contracts selling at 115 or points net lower, while the new crop showed a net loss of from 182 points. Covering again checked the decline, and the market railled quite sharply from the lowest late in the day, closing within a point or two of the best. Late wires from Greenville, reported a break just below Helema, Ark. The forecast for showers in Oklahoma and Texas was considered favorable as advices from the Southwest.

Spot cotton closed quier; middling uplands, 12.15; middling gulf, 12.49; sales 10 bales.

Cotton, quiet: middling, 18.15; gross, 4.152; bales; stock, 131.375 bales; export to Great Britain, 200 bales; to the Continent, 3.833 bales; Constwies, 794 bales.

Total to-day at all ports-Net receipts, 11.764 bales; export to Great Britain, 7.862 bales; to the Continent, 3.852 bales; stock, 625,929 bales.

Consolidated at all ports-Net receipts, 21,217 bales; export to Great Britain, 9.628

Atlantic Coast Corporation Suffers Heavy Loss by Fire at Georgetown.

Wilmington, N. C., April 21.—A special from Georgetown, S. C., to-night states that practically half of the Atlantic Coast Lamber Corporation's \$2.000,000 plant there, said to be the largest in the world, was destroyed by fire to-day. The loss is reported to be fulls covered to be fully covered by insurance.

MIIs Nos. 2 and 3 of the plant are a total loss. The fire originated in No. 2 from unknown causes. Mills I and 4, with the planing machines and steamer docks, were saved. Ten million feet of lumber on the yards and 1500 000 feet in the a best of 1500 000 feet in the above of 1500 000 feet in t and 1.500,000 feet in the dry kilns at 63 on Judge Gary's statement.

The bond market is mixed. New were burned. The fire also destroyed were burned. The fire also destroyed were burned. the electric plant, putting the yard transfer system and planing mill out of commission temporarily. The mill, it is said, will be rebuilt, and the merili, 1,100 men will go on part time until the whole plant is in operation again. still on the yards.

Officy, Ve., April 21.—Last night Nephew's Barn is Destroyed. fley, Va., April 21.—Last night Offley, Va., April 21.—Last night about 11 o'clock Walker Taylor was burned to death in the barn of his nephew, W. W. Byrd, pear Lightfoot. Mr. Byrd lost everything, including four horses. It is supposed that Mr. Taylor struck a match in the barn and accidentally set fire to some feed or trash.

HEAVY FROST IS VISIBLE!

Considerable Apprehension is Felt for Safety of Fruit Crop.

Roanoke, Va., April 21 .- With the record at this season in four years, heavy frost was visible in Roanoke and vicinity to-day, and considerable apprehension is felt for the safety of the apple and other fruit crops. A the apple and other fruit crops. A large portion of small fruit crops already had suffered considerably because of low temperatures, and it is believed by some fruit growers that a great deal of the fruit which survived past frosts was killed last night,

NOTHING TO GIVE SHORTS COMFORT

News Developments Bring Considerable Firmness to Stock Market.

BY BROADAN WALL. New York, April 21 .- Stocks closed

firm to-day on a series of favorable developments which had not been discounted by market activity. The opening was dull and lower. The intervention of the government in the case of the State of Minnesota, now before the Supreme Court, asking consideration for some forty-five cases pending in lower courts, is construed whole matter must now be reheard, and it will be many months before a final decision can be reached. In the meantime, the Minnesota rate case may be dismissed as an important market factor.

market factor.

The financial community was pleased with the news that the \$10,000,000 New York Centrol 5 per cent notes had been disposed of in less than one hour at a price that nets the company the money on a 5 3-4 per cent basis.

An extension of time granted in the Union Pacific-Southern Pacific dissolution to July 1. The new plan has been taken under advise-ment by the United States Circuit Court judges. Thus the market is tem-porarily relieved of uncertainty on this question, and the short interest in Southern Pacific will probably find that it will have to pay another divi-dend. This makes the stock look cheap

In fact, there was nothing in the day's news to bring the slightest comfort to the short interest in the market. Judge Gary's statement at the United States Steel Corporation's annual meeting, indicates that it will be six or eight months before the com-pany finishes presenting its defense in the government's suit for dissolution -more trouble for the bears, who dis-like paying dividends to real ewners of stock.

There is a short interest in Mexican Petroleum of fairly large proportions that grew up on the belief that the dividend would be passed at the redividend would be passed at the recent meeting. The increase in the rate
from 4 to 6 per cent was, of course,
totally unexpected by the operators.
The annual report as made public apparently justified their position on
the stock. No mention was made of
the fact that in January of this year
\$1,745,000 of bonds were sold by the
company at par. This was to reimburse the trusury for expenditures already made, and provide working cap. ready made, and provide working cap-ital. While the sale of bonds can hardly be counted upon as strengthening the position of the stockholder untimately, it is felt that the position of the shares is better than was indicated in the annual report. Oil shares, at her than the shares are better than the shares are better than the shares. at best, are highly speculative, and corporations doing business in Mexico have added reports that increases the uncertainty of profit.

Stocks rose rapidly in the afternoon.

Amalgamated Copper gained nearly two points on an optimistic interview with the president of the Amalgamated Copper Company predicting higher prices for the metal. Smelters advanced in sympathy. Canadian Pactice gained two points. Genera; Electric was strong on dealings of less than 1,000 shares. Reading sold exdividend 2 per cent, but gained 1 1-2 the whole plant is in operation again. The management of the mill announces all orders will be taken care nounces all orders will be taken care time, and notwithstanding the losses time, and notwithstanding the losses of some \$3,000,000 by floods, the offi-cials feel that the 6 per cent rate on Baltimore and Ohio common was in no danger of reduction.
Foreign houses took little part in

is believed that on any improvement in the market here London will come in as a buyer of stocks, particularly

The only speculative interest known to be open in stocks is on the short side of the market, and to-day's developments indicate that nervousness on the part of the bears may bring about a further advance in prices reiterate, the market is probably stronger than it looks,

Roanoke, Va., April 21.—With the mercury registering thirty-one degrees at 3:20 this morning, the lowest MRS. BRIDGE HELD

[Special to The Times-Dispatch.] Staunton, Va., April 21.—Mrs. Nancy Bridge, who was being held for poisoning her husband, Clint Bridge, in Basic City several weeks ago, was brought before a magistrate to-day and a preliminary trial was held. No new evidence was brought cut, the magistrate considered the facts strong enough to hold her for the grand jury, and this was done,
